BUDDING* RESEARCH IN STORMWATER MANAGEMENT

*This coaster is biodegradable recycled content with embedded wildflower seeds. Cover the paper with 1/8" of soil. Place in a sunny spot and water often. **Watch wildflowers bloom.**

PLANT THE PAPER - WATCH IT GROW

CROZIER "Biodegradable Seed Paper" COASTER

A take-one marketing piece promoting research to improve the future of stormwater management. The coasters got the Crozier name out there and was in-line with the messaging at the event - vegetation being a key, but often over-looked component of stormwater management ponds.

Seed paper is a biodegradable eco-paper made with post-consumer materials and embedded with wildflower seeds.
